Intro: F#m C#m D A D E

A D E A
Your word has taught me how to live

F#m C#m D
But sometimes I get it so wrong

A D E A
Your word has taught me how to pray
F#m C#m D-E
But sometimes I don't know what to say

F#m C#m D A
So this is my plea "Lord help me"

D A E
When I need to know Your power

F#m C#m D A
And through it all, hear when I call
D A E

Coz I need You every hour

Your love has been a comfort to me
Although my heart was breaking
Your love has been a friend to me
Even when I wasn't talking

Your grace has been sufficient for me
Despite my constant failing
Your grace is greater than all my sin
Surpassing my understanding

*And because of Calvary
And of what You've done for me
I have a hope that is steadfast and true*

D E F#m C#m

And that place I find in You

D E A

And that place I find in You
